

ESTABLISHING A **NEW STANDARD** IN THE FOODSERVICE INDUSTRY.

## KEY FEATURES

### •Intuitivo Ambient

Combining Machine Learning with Computer Vision, Intuitivo is building a unique infrastructure that allows installation of thousands of A-POPs at an unprecedented speed and cost.

### •High-Speed Secure Pop-Out Cameras

Three external cameras (two on top, one on the side) capturing at 60 frames per second for reliable capture of product purchases.

### •Full Capacity

Maximizing the space of the cabinet, we create a solution that allows the use of the cabinet's maximum capacity. Providing 90% of the interior volume usage for product display.

### •Standard LED Lighting System

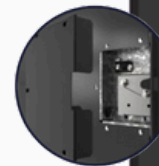

Ultra bright low energy interior LED illumination system provides optimal merchandise display visibility. Low profile, door mounted, clip-in LED design.

### •Southco V9 Smart Lock

These units can only be unlocked via Intuitivo when cabinet is powered and connected. A Banana Jack will be available for manual unlocking towards the end of 2024.

### •Roller Base for Easy Installation

The cabinet is equipped with a roller base, allowing for effortless movement and precise placement during installation, plus 4 levelling legs required for cabinet stability.

# Intuitivo. Meet them halfway.

With Intuitivo you will be super close to your customers, through thousands of autonomous points of purchase powered by AI and Computer Vision.

## Features

3 secure pop-out cameras 'outside cabinet' [2 top + 1 side]. High speed 60 x frames per second.

Cloud based product recognition and transaction processing reduces hardware cost & data accessibility.

QR code payment solution uses consumer's smart phone for transactions.

Available in large VR27 Cooler & VA27 Ambient models, for refrigerated & other sales merchandise.

## Deep Tech and a Clear Vision

Their technology allows them to train our Intuitivo's Computer Vision Pipeline on complete brand portfolios at an unprecedented speed and cost.

This will enable you to create as many planograms as you want, which will allow you to understand your consumers buying behaviors and adjust your business strategies accordingly.

## Perfect Purchases in Seconds

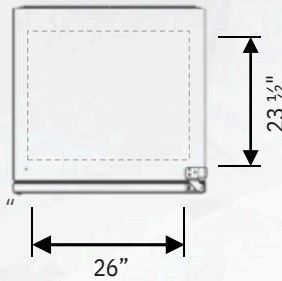

Intuitivo's Autonomous Points of Purchase, A-POPs, are the most effective way of bring your products closer to your customers, offering them a seamless shopping experience and having one-on-one conversations with them.

**Building the Infrastructure  
for the Future of Retail.**
